

BBE Prefab Barb to 90° Elbow

Terminate your Sch. 40 pipe run with a professionally made barb

The BBE is a ready to use 90° elbow terminated with a genuine DMIC hose barb. This adapter was developed in response to customer requests for an easy way to terminate Sch. 40 pipe runs with a hose barb. Also offered in EBB 45° version: See pg. 16.

- Standard based radius and hose barb saves time and money compared to in-house fabrication.
- Repeatable results every time.
- Available in Stainless Steel.
- Available step size barb preserves nominal ID in barb.
- Suction to 400 PSI.

BBE		Prefab Barb to 90° Elbow
